An V. Nguyen

Address: Seoul, South Korea / Bac Ninh, Viet Nam

nguyenan at korea.ac.kr | nvan.tb2180 at gmail.com | https://nguyen-an13.github.io/

Research orientations

Deep learning and large foundation models, Natural language processing, Parameter-efficient fine-tuning

Education

Korea University — *Seoul, South Korea*

Dept. of Artificial Intelligence, College of Informatics — *Sep 2024 - Present*

Master in Artificial Intelligence

- Research interests: Large foundation models, Parameter-efficient fine-tuning (PEFT), Efficient training
- GPA: 4.5/4.5 -- based on 24 credits
- Graduation project: New paradigms in Parameter-efficient Fine-tuning for Large foundation models

Hanoi University of Science and Technology — HUST — *Hanoi, Viet Nam*

School of Electrical and Electronic Engineering. — *Sep 2015 - Jan 2020*

Major: Control engineering and Automation (5-year program)

- GPA: 3.7/4.0 (convertible to 10-scale: 9.25). Ranked: 5th over 299 in the major cohort
- In average, less than 2% of HUST students graduate with CPA of 3.6/4.0 or higher at this time
- Graduation project: Vector control specialised for switched reluctance motors (thesis)
  Grade: A+ or 9.9/10. Advisor: Prof. Minh C. Ta

Awards / Honors / Grants

School of Electrical and Electronic Engineering - HUST

The Excellence Scholarship — 2015 - 2017

Each semester top 5% of students with greatest academic performance are awarded.

LG Electronics Development Vietnam (LGEDV)

Software competency certificate — Mar 2024

A internal benchmark of LG corporte involving coding and algorithm skills is designed to hone developer knowledge. This time, there are only 3 developers passing the round of LGEDV.

Korea University

Foreign Natural Sciences and Engineering scholarhsip (Type II) — Fall 2024, 2025

Foreign Global leader scholarship (Type I) — Spring 2025, 2026

Academic Events

International Joint Conferences on Artificial Intelligence (IJCAI website) 2026: Travel Grant — 2026

ICML workshop CATS website: Registration Grant (Awarded by the Organizing Committee) — 2026

Publications

1. **An Nguyen**, Jaesik Choi and Anh Tong, “LoCO: Low-rank Compositional Rotation Fine-tuning,” *International Joint Conferences on Artificial Intelligence (IJCAI)*, **Accepted**, 2026.
2. **An Nguyen**, Anh Tong, “Sparse Structured Matrices: Efficient Adapter Rank in Fine-tuning Foundation Models,” *ICML workshop: Continual Adaptation at Scale*, **Oral Presentation**, 2026.
3. **An Nguyen**, Anh Tong, “SaMA: Morpho Adaptation via Asymmetric Expansion of Kronecker Product,” submitted to *Neural Information Processing Systems*, **Under review**, 2026.

Work and Research Experience

Stochastic Dynamics and Machine Learning Lab — Korea University *Seoul, South Korea*
Master student —Research assistant *Aug 2024 - now*
Advisor: Prof. Anh H. Tong

- Large foundation models and Natural language processing
- Parameter-efficient Fine-tuning

LG Electronics Development Vietnam *Hanoi, Viet Nam*
Automative software engineer on middle-layer applications *June 2023 - Aug 2024*

Vietnam –Korean Institute of Science and Technology *Hanoi, Vietnam*
Electrical engineer on Motor drive *Mar 2021 - June 2023*

Viettel Aerospace Institute — Viettel Group *Hanoi, Vietnam*
Electrical engineer on military warfare systems *Mar 2020 - Mar 2021*

Center of Innovation and Technology — CTI Lab — HUST *Hanoi, Vietnam*
Undergraduate student *Mar 2018 - Feb 2020*
Advisor: Prof. Minh C. Ta

- Electric vehicles and wireless power transfer (WPT)
- Research switched reluctance motors — Graduation project

Research Projects

Structured sparse matrix: Morpho parameterization in fine-tuning large models *2025 - Present*

Low-rank compositional rotations in orthogonal fine-tuning large models *2025 - Present*

Vector control specialised for switched reluctance motors (EE fields) *2018 - 2020*

Small reading application: Quick dictionary lookup as *an Edge extension* *Personal*

Skills

Programming C/C++, C#, Matlab/Simulink, Python/Pytorch

Language
Vietnamese: Native
English: 920 TOEIC (May 2020)
IELTS 6.5 Overall (L: 7.0, R: 7.5, S: 5.5, W: 6.0), Mar 2023

Academic Service

Student Volunteer, The 35th International Joint Conference on Artificial Intelligence(IJCAI-ECAI), Germany Aug 2026
Sub-reviewer, The 35th International Joint Conference on Artificial Intelligence(IJCAI-ECAI) 2026
